Since its inception in 1990, **Orchestra Nashville** (formerly Nashville Chamber Orchestra) has become recognized as one of America's premiere orchestras. Orchestra Nashville specializes in commissioning works that cross musical boundaries by integrating the performance practices of Western orchestra music with jazz, American folk and fiddle traditions, and world music. By presenting these new works alongside masterpieces from the traditional repertoire, Orchestra Nashville is challenging audience's perception of what an orchestra can be, while creating a new kind of orchestra music relevant to today's culture.

Through this new member benefit, GMA members receive a 15% discount off tickets to any Orchestra Nashville performance.
